## Help Us Build Our Meditation Center

Supporting a Spiritual Cause Together

Join us in raising funds for our beloved Buddhist  
meditation center. Your support matters.

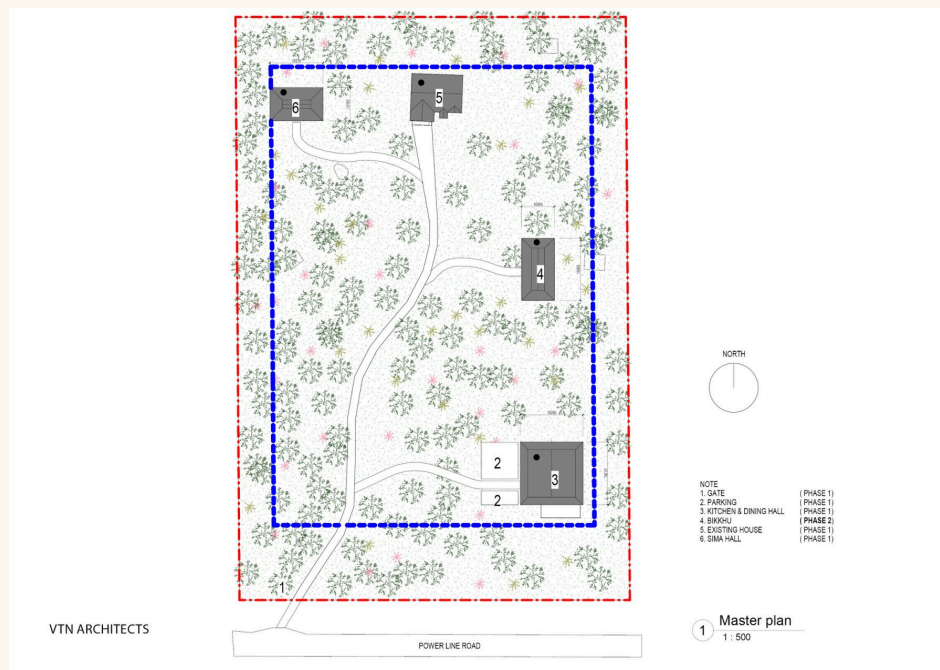

# Our Mission

**Pa-Auk Tawya Buddha-Dhamma-Dipaka Meditation Center, Florida is a Buddhist Monastery in the Theravada tradition, with emphasis on the teaching and practice of both Samatha (tranquility) and Vipassana (insight) meditation in accordance to Visuddhimagga as taught by the Most Venerable Pa-Auk Sayadawgyi, who upholds the ancient teachings & meditation methods as taught by the Buddha that guide meditators towards inner peace and enlightenment.**

**We practice Samatha & Vipassana Meditation for the realization of Four Noble Truths:**

- The Noble Truth of Suffering;**
- The Noble Truth of the Origin of Suffering;**
- The Noble Truth of the Cessation of Suffering;**
- The Noble Truth of the Path Leading to the Cessation of Suffering.**

## Expansion Plan

The Meditation Centre currently owns 5 acres of wooded bucolic land with one building, with 3 bedrooms and 2 baths. The current facility is for the Sangha's residence. It was officially dedicated and donated on Nov. 6, 2023 during the Opening Ceremony to the Most Venerable Pa-Auk Sayadawgyi by Venerable Sayadw U Aggañña via a virtual meeting. The property deed was transferred from the donor, Jingsi C. Sontag to PATBDDMCFL on Sept. 29, 2023. Thereafter the Meditation Center was no longer a private property and a registered 501C3 nonprofit facility.

Under the guidance and leadership of Pa-Auk Sangha, the Meditation Center is planning to develop future buildings. There are two phases.

- **Phase 1: Sima Hall; Kitchen & Dining with 3 bedrooms; Parking lots; Drive ways; Walking path and Gate; Estimately finish the project in 3-5 years**
- **Phase 2: Male yogis Kutis ; Estimately complete in 5-10 years**

We invite you to help our center with Phase 1 projects. Once our fund reaching 60% of our target, we will submit building permit application. It normally takes 3-6 months for the approval. Based on the local construction laws, the permit is only effective for 2 years, which means that we must establish within 2 years. Failure to commence within the 2 years' timeframe will invalidate the permit. Furthermore, the inaction will also lead to difficulty of getting a permit appraived in the future.

# Phase 1 Fundraising

We invite you to help our Phase 1 projects. Based on current Florida building market, our

- Target of fundraising: \$250,000 USD
- Timeline: 2 years; August, 2024 - August, 2026

Two options of this donation

- If you have ability to make the donation now, you may transfer your fund to our center escrow account
- If you cannot transfer your fund now, you may make a donation pledge. Once we get the permit approval, you will transfer the fund to our center bank account immediately

(\* Your donation is IRS tax deductible.)

Regardless of the amount of your donation, it is a beautiful, thoughtful gift from your kind heart. In the future, your generosity will be your legacy - your name will be engraved on the donors' wall or memorial stone for the current and next generations to remember. It is a sign of our appreciation, as there will be no meditation facility at PATBDDMCFL without your generosity. Thank you for your kind consideration!

May your generous donation help you attain the highest bliss of Nibbāna! May you all be well and happy!  
Sādhu Sādhu Sādhu!!!
